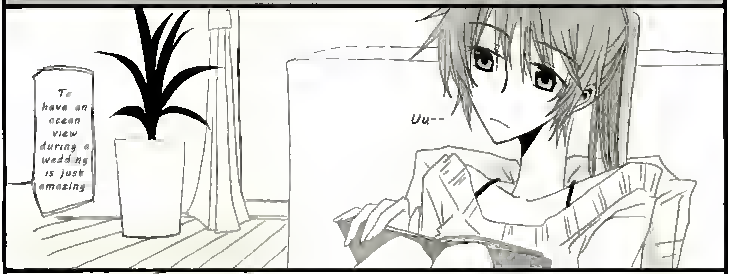
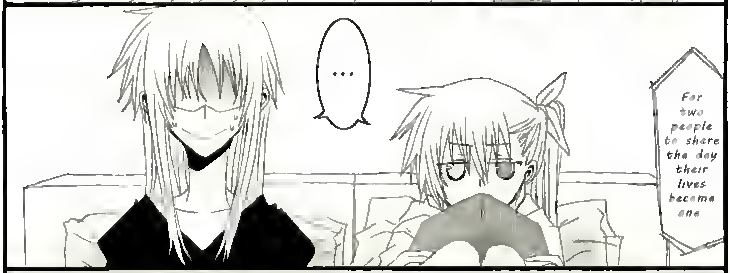
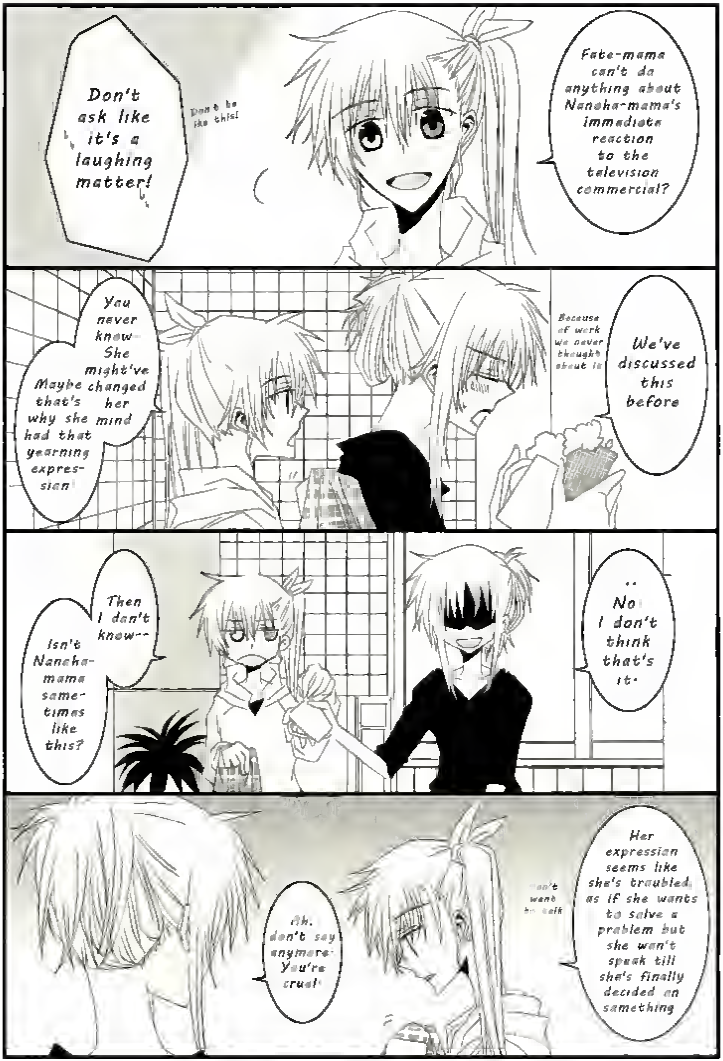
# 03. For Our Happiness !

*In sickness and in health*
*till death do us part*

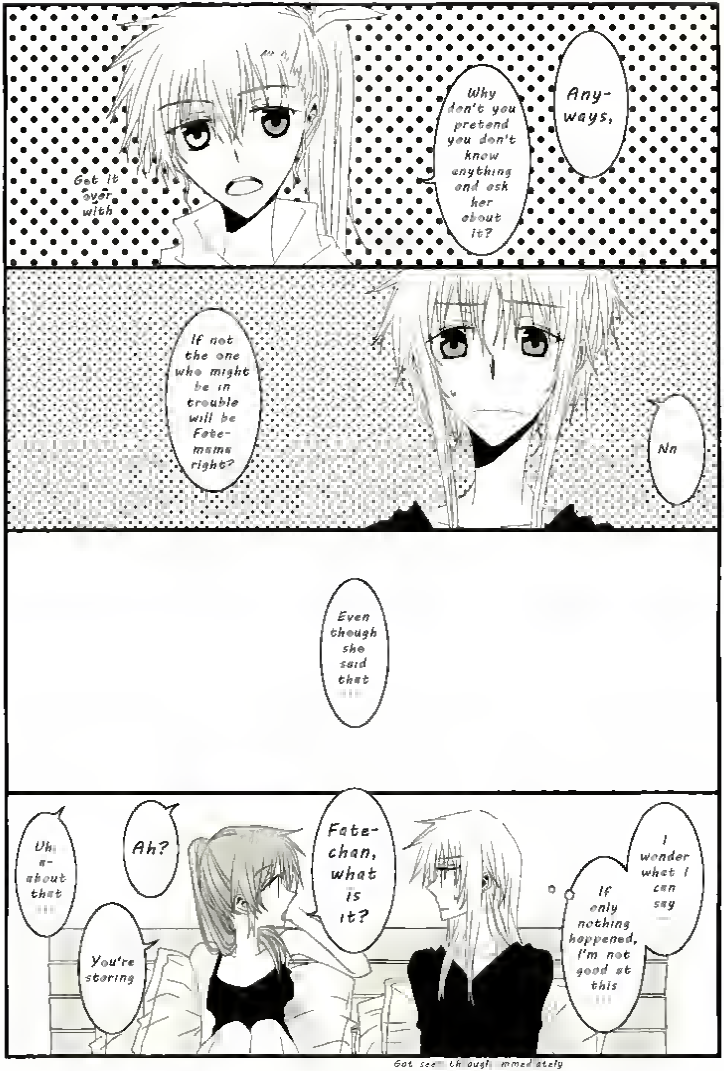




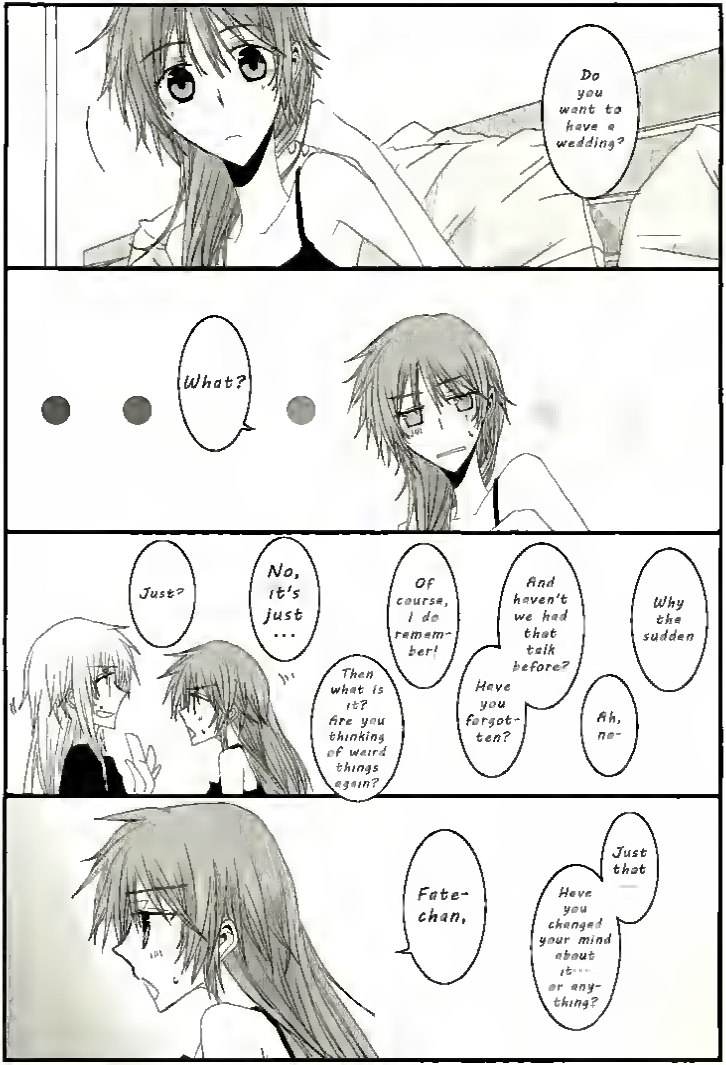
Nanoha-mama, lately-



Don't ask like it's a laughing matter!
Don't be like this!
Fate-mama can't do anything about Nanoha-mama's immediate reaction to the television commercial?
You never know- She might've changed her mind
Maybe that's why she had that yearning expression
Because of work we never thought about it
We've discussed this before
Then I don't know--
Isn't Nanoha-mama sometimes like this?
.. No I don't think that's it.
Ah. don't say anymore- You're cruel
Her expression seems like she's troubled, as if she wants to solve a problem but she won't speak till she's finally decided on something

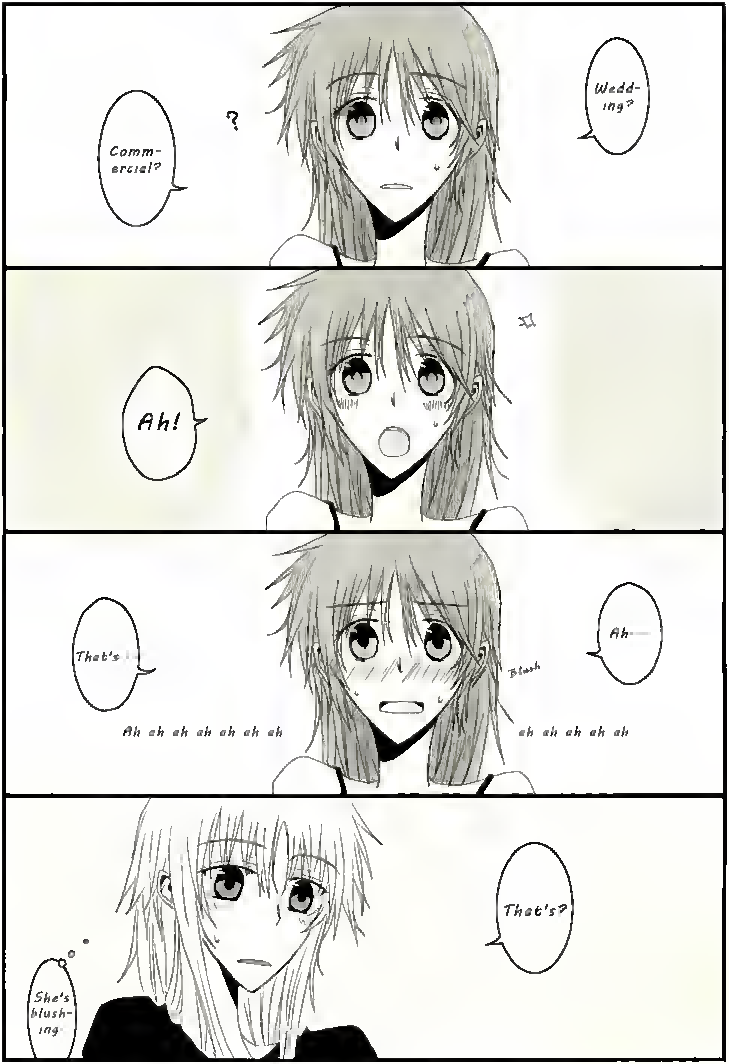


Get it over with
Why don't you pretend you don't know anything and ask her about it?
Any-ways,
If not the one who might be in trouble will be Fate-mama right?
Nn
Even though she said that
Uh a-about that
Ah?
You're staring
Fate-chan, what is it?
If only nothing happened, I'm not good at this
I wonder what I can say

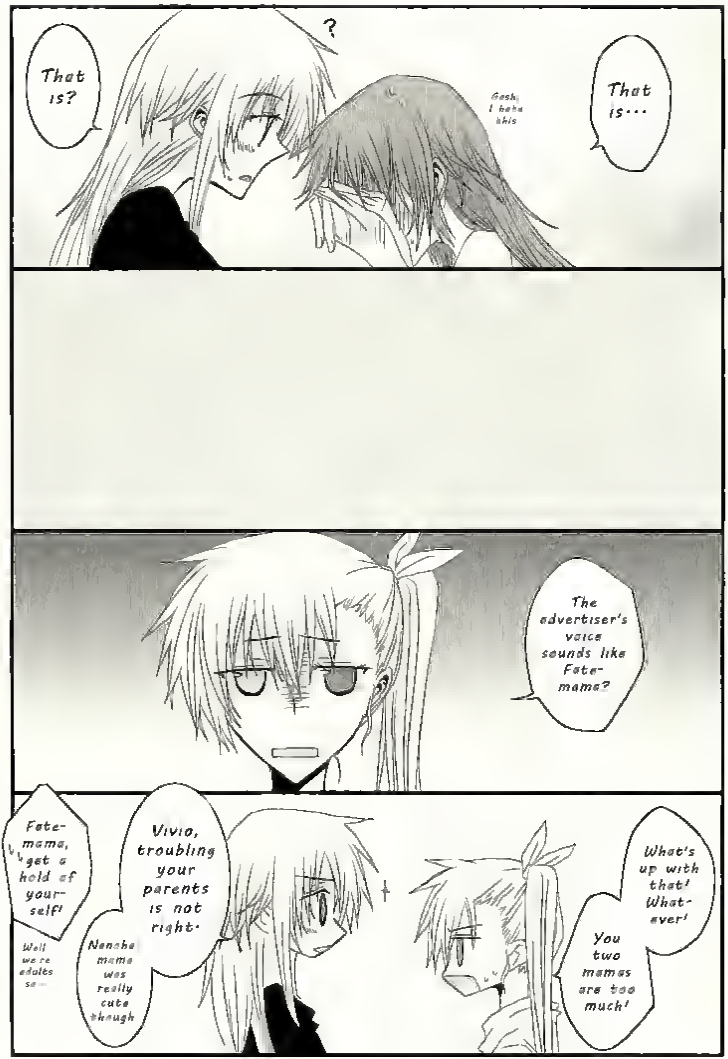


Do you want to have a wedding?
What?
Just?
No, it's just ...
Then what is it? Are you thinking of weird things again?
Of course, I do remember!
Have you forgotten?
And haven't we had that talk before?
Ah, no-
Why the sudden
Fate-chan,
Have you changed your mind about it··· or anything?
Just that

Let's not talk about our jobs,
Other than the fact that we're different.
Others have to spend more time thinking about this matter, planning, etc.
Of course it's not that I hate the thought of it,
If Fate-chan remains like this no matter what, it's good enough.
But,
This has nothing to do with the law.
As long as Fate-chan returns to my side.
I'll be very happy.
Although I do think you don't seem to agree ...
Holds tightly
I'm sorry! It's because lately, you seem to keep paying extra attention to the wedding commercial that's why!



Wedding?
?
Commercial?
Ah!
That's
Ah ah ah ah ah ah ah
Blush
Ah
ah ah ah ah ah
That's?
She's blushing



That is?
?
That is…
Gosh, I hate this
The advertiser's voice sounds like Fate-mama?
What's up with that! Whatever!
You two mamas are too much!
Vivio, troubling your parents is not right.
Nanoha mama was really cute though
Well we're adults so…
Fate-mama, get a hold of yourself!
